# Acumatica Intercompany Description

In the complex world of intercompany transactions, clarity and traceability are paramount. That's where Intercompany Description steps in, providing a robust solution for companies engaged in intercompany dealings.

Our innovative tool enhances your visibility into these transactions, replacing the basic default transaction descriptions in Acumatica with informative details, making your financial operations more streamlined and secure.

## Key Features for Enhanced Clarity

- **Multi-Module Compatibility:** Intercompany Description seamlessly integrates with various modules in Acumatica, including AP, AR, IN, GL, and CA, ensuring comprehensive coverage of your intercompany transactions.
- **Detailed Information:** Our solution goes beyond the basics, enriching your transaction descriptions with critical details such as Source Branch, Original Module, Vendor/Customer ID and Name, Source Transaction Description, and Entry Type.

## If You Use Intercompany You Need It

- **Improved Traceability:** With Intercompany Description, your intercompany transactions become transparent and easy to track. Say goodbye to the ambiguity of basic descriptions and hello to a clear, traceable audit trail.

- **Simplified Understanding:** Understanding and reconciling intercompany transactions has never been more straightforward. Our tool simplifies the process, making it easier for your team to manage these transactions efficiently.
